DETAILED ACTION

Allowable Subject Matter

1. Claims 2-16 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

This office action is in response to the amendment after final filed on 01/07/05. Applicant has cancelled independent claims 1 and 17 and amended claims 2-11, 13-16 all to be depended from claim 12, which were allowed previously. Upon further consideration, prior art of record (closest reference, Wessel et al. US 6,275,685) taking alone or in combination with others, fails to fairly teach the activation method that has both feedback loop and a non-linear distortion compensation device as claimed in independent claim 12 (claims 2-11, 13-16 depend therefrom). Thus, claims 2-16 are found to be novel and unobvious over prior art of record.
